Performance of Private Equity funds is outperforming public equity markets

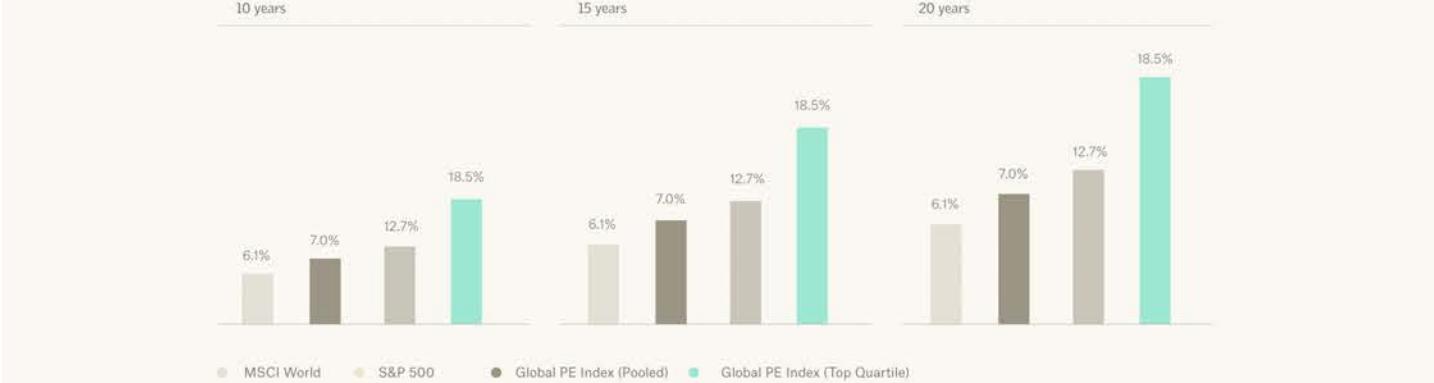

Over the past 10, 15 and 20 years the annual returns of private equity funds have outperformed public equity markets.

10 years	15 years	20 years
6.1%	7.0%	12.7%
7.0%	12.7%	18.5%
Global PE Index (Pooled)	Global PE Index (Top Quartile)	

Titanbay's platform enables small investors to invest into top private equity funds

Traditionally, getting involved into top private equity funds like the ones we enable through our platform was inaccessible as a minimum investment requirements of \$10m or more per fund mean that an investor looking to build a portfolio of 5-10 funds needed to invest \$50-100m in total. Luckily Titanbay is here to help.

STRATEGIC ACCESS FOR STRATEGIC INVESTORS

Titanbay is a digital platform enabling private and institutional investors to thoughtfully access private equity.

Titanbay is a digital platform enabling private and institutional investors to thoughtfully access private equity.

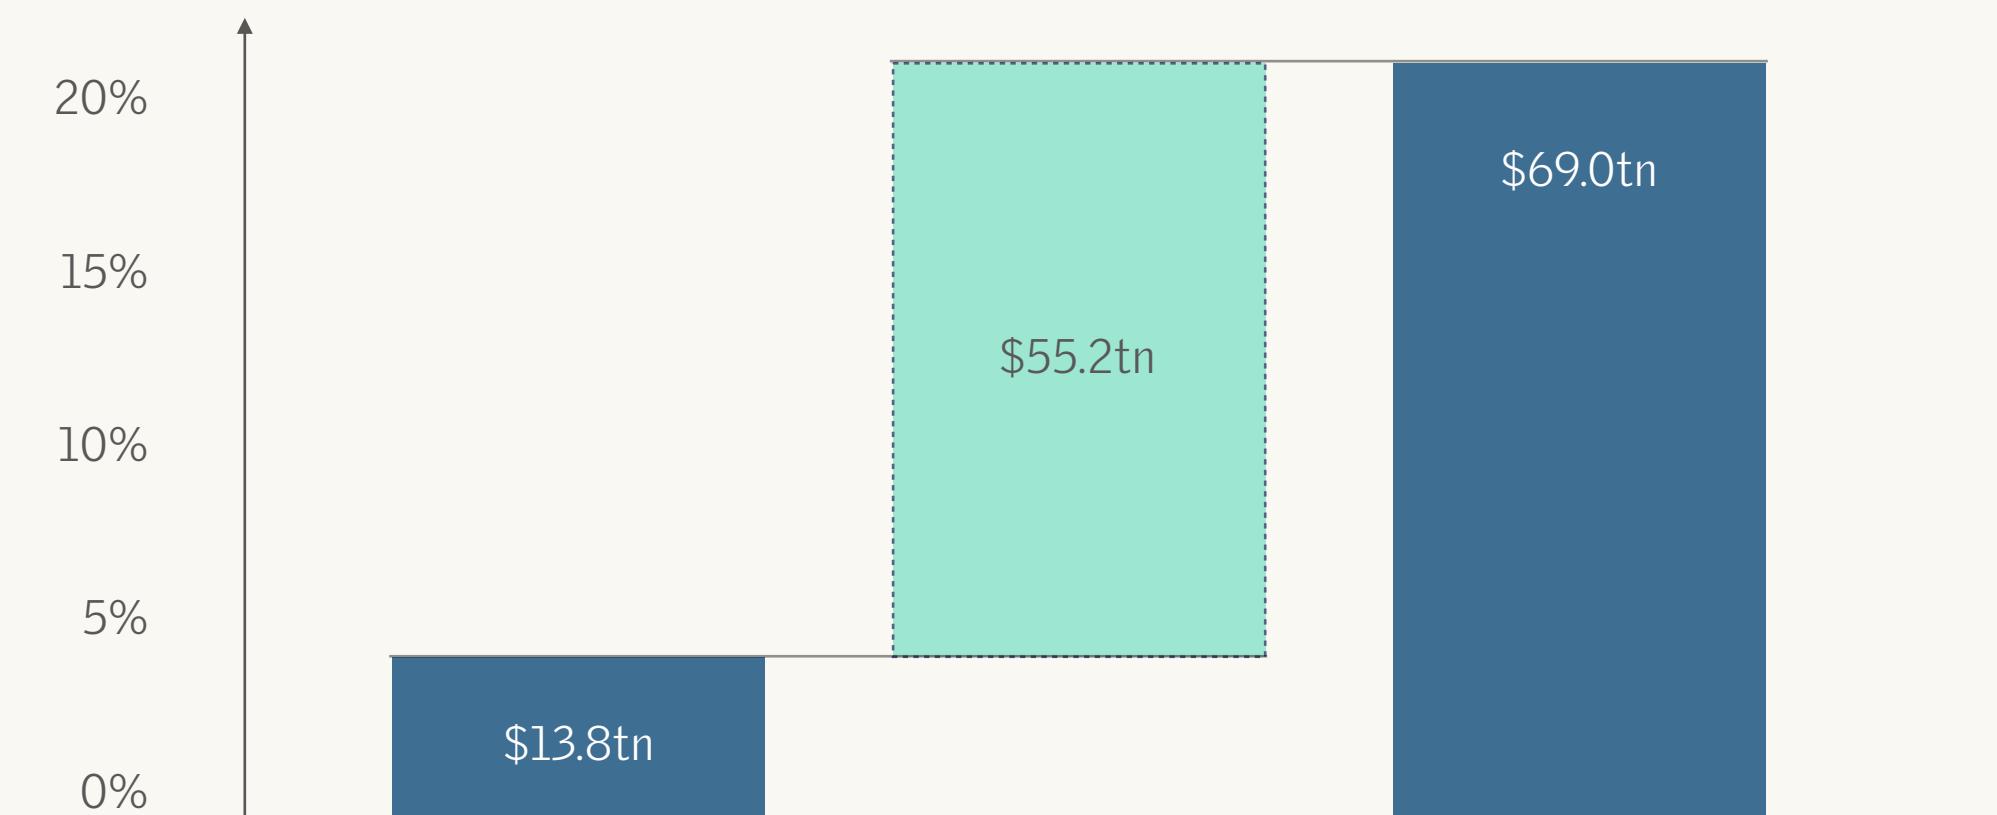

Titanbay is a digital platform enabling private and institutional investors to thoughtfully access private equity.

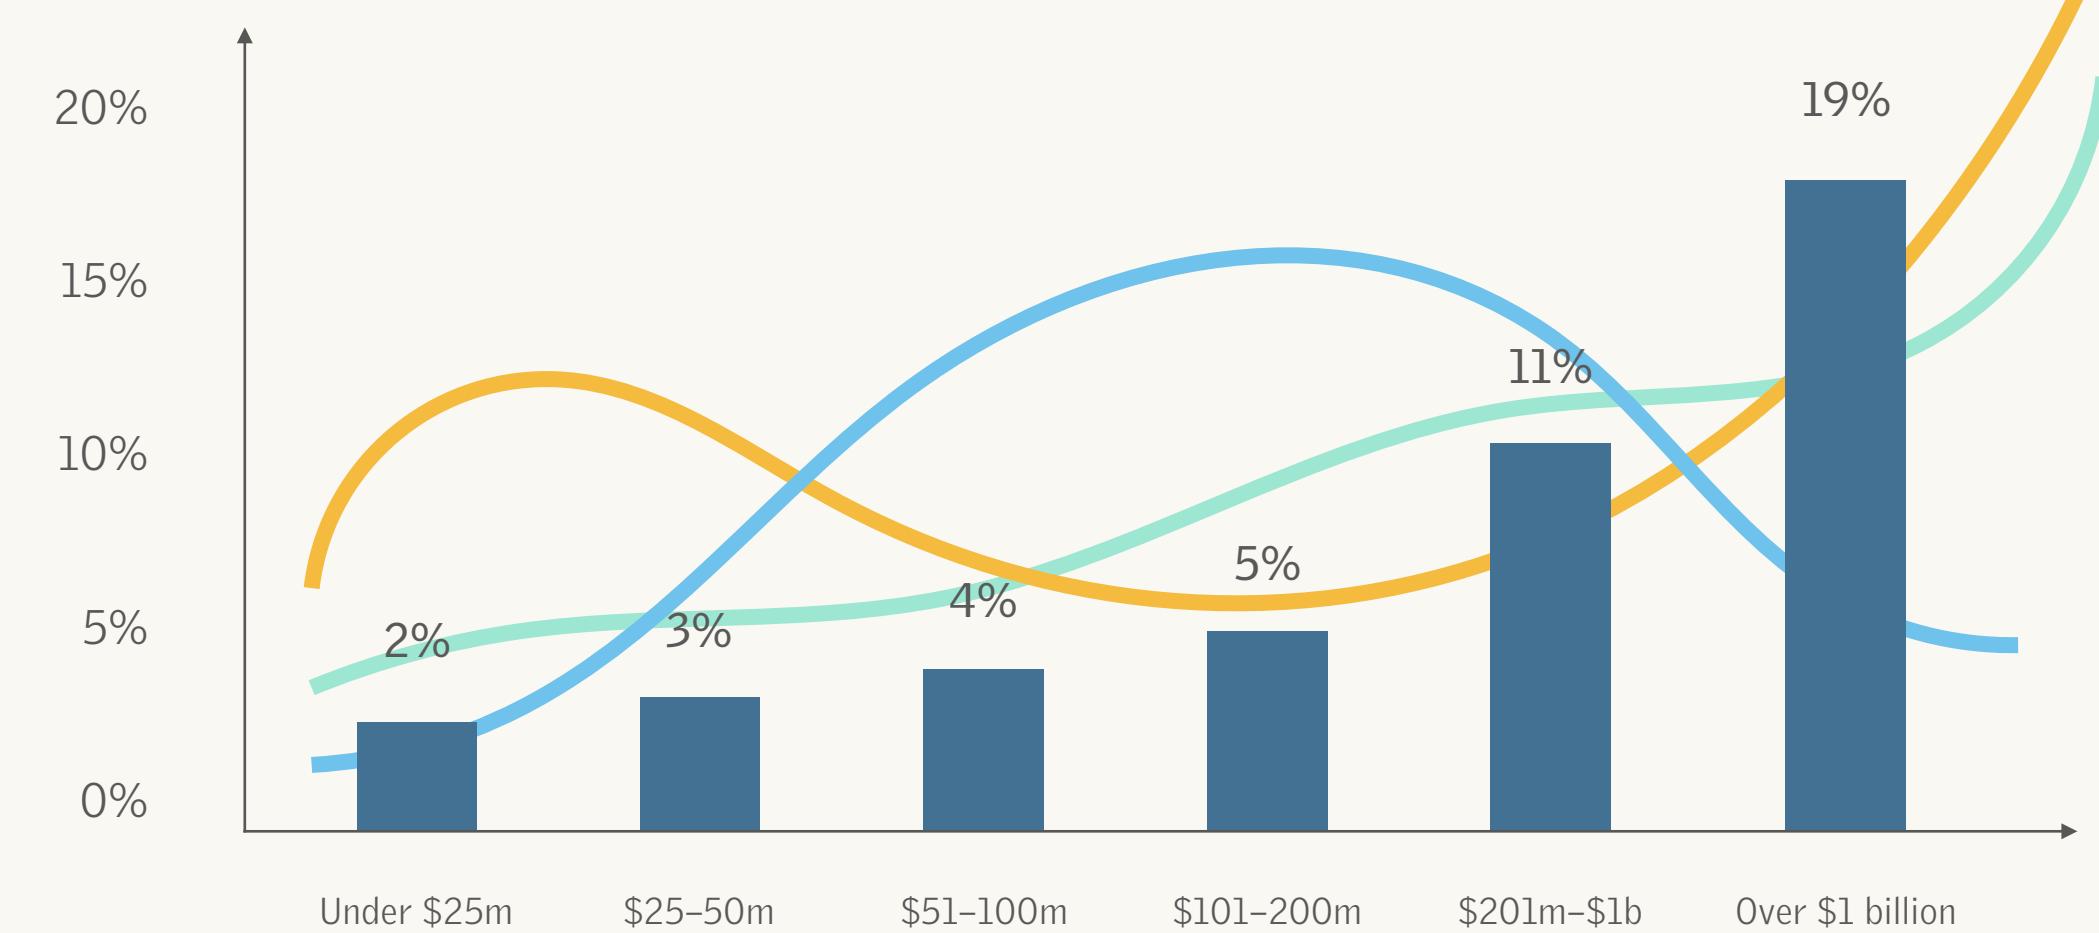

Titanbay enables private equity funds to access \$55tn potential capital pool from underserved private, family office and institutional investors

- For investors, Titanbay provides an easy-to-use online platform giving access to invest in a broad selection of top tier private equity funds.
- For funds, Titanbay is a first-closing LP, with fast decision making processes and which doesn't require complex side letters or special information or co-investment rights.
- At the same time, Titanbay enables funds to access a \$55tn new pool from family offices, private and smaller institutional investors – handling all the operational complexities of working with smaller investors.

CAPACITY FOR ADDITIONAL INVESTMENT IN PE FROM SMALLER INVESTORS

CURRENT ASSET ALLOCATION IN PRIVATE EQUITY FOR INSTITUTIONS BASED ON SIZE

Titanbay delivers a sophisticated solution for private equity funds to expand investor base to include new pool of capital

Efficient access to \$55tn new global capital pool

- Access HNWI, UHWNI, Family Offices, and smaller institutional investors who are currently underinvested in alternatives
- Estimated \$55tn pool of capital – that's currently mostly underserved, and not politically influenced

Access network of dedicated industry executives

- Many of Titanbay's investors are senior executives and industry experts who are open to getting involved with PE backed companies or PE deal processes
- Dedicated contact person assigned for your fund, similar to headhunters or experts networks (but as a free service)

First-close LP without complex terms or requirements

- First-closing LP with fast, simple decision making
- Open to combination deals with strategic fit
- No side letters or information rights
- No co-investment or special requirements
- No sales efforts required, no commissions or fees

Fully managed end-to-end operations

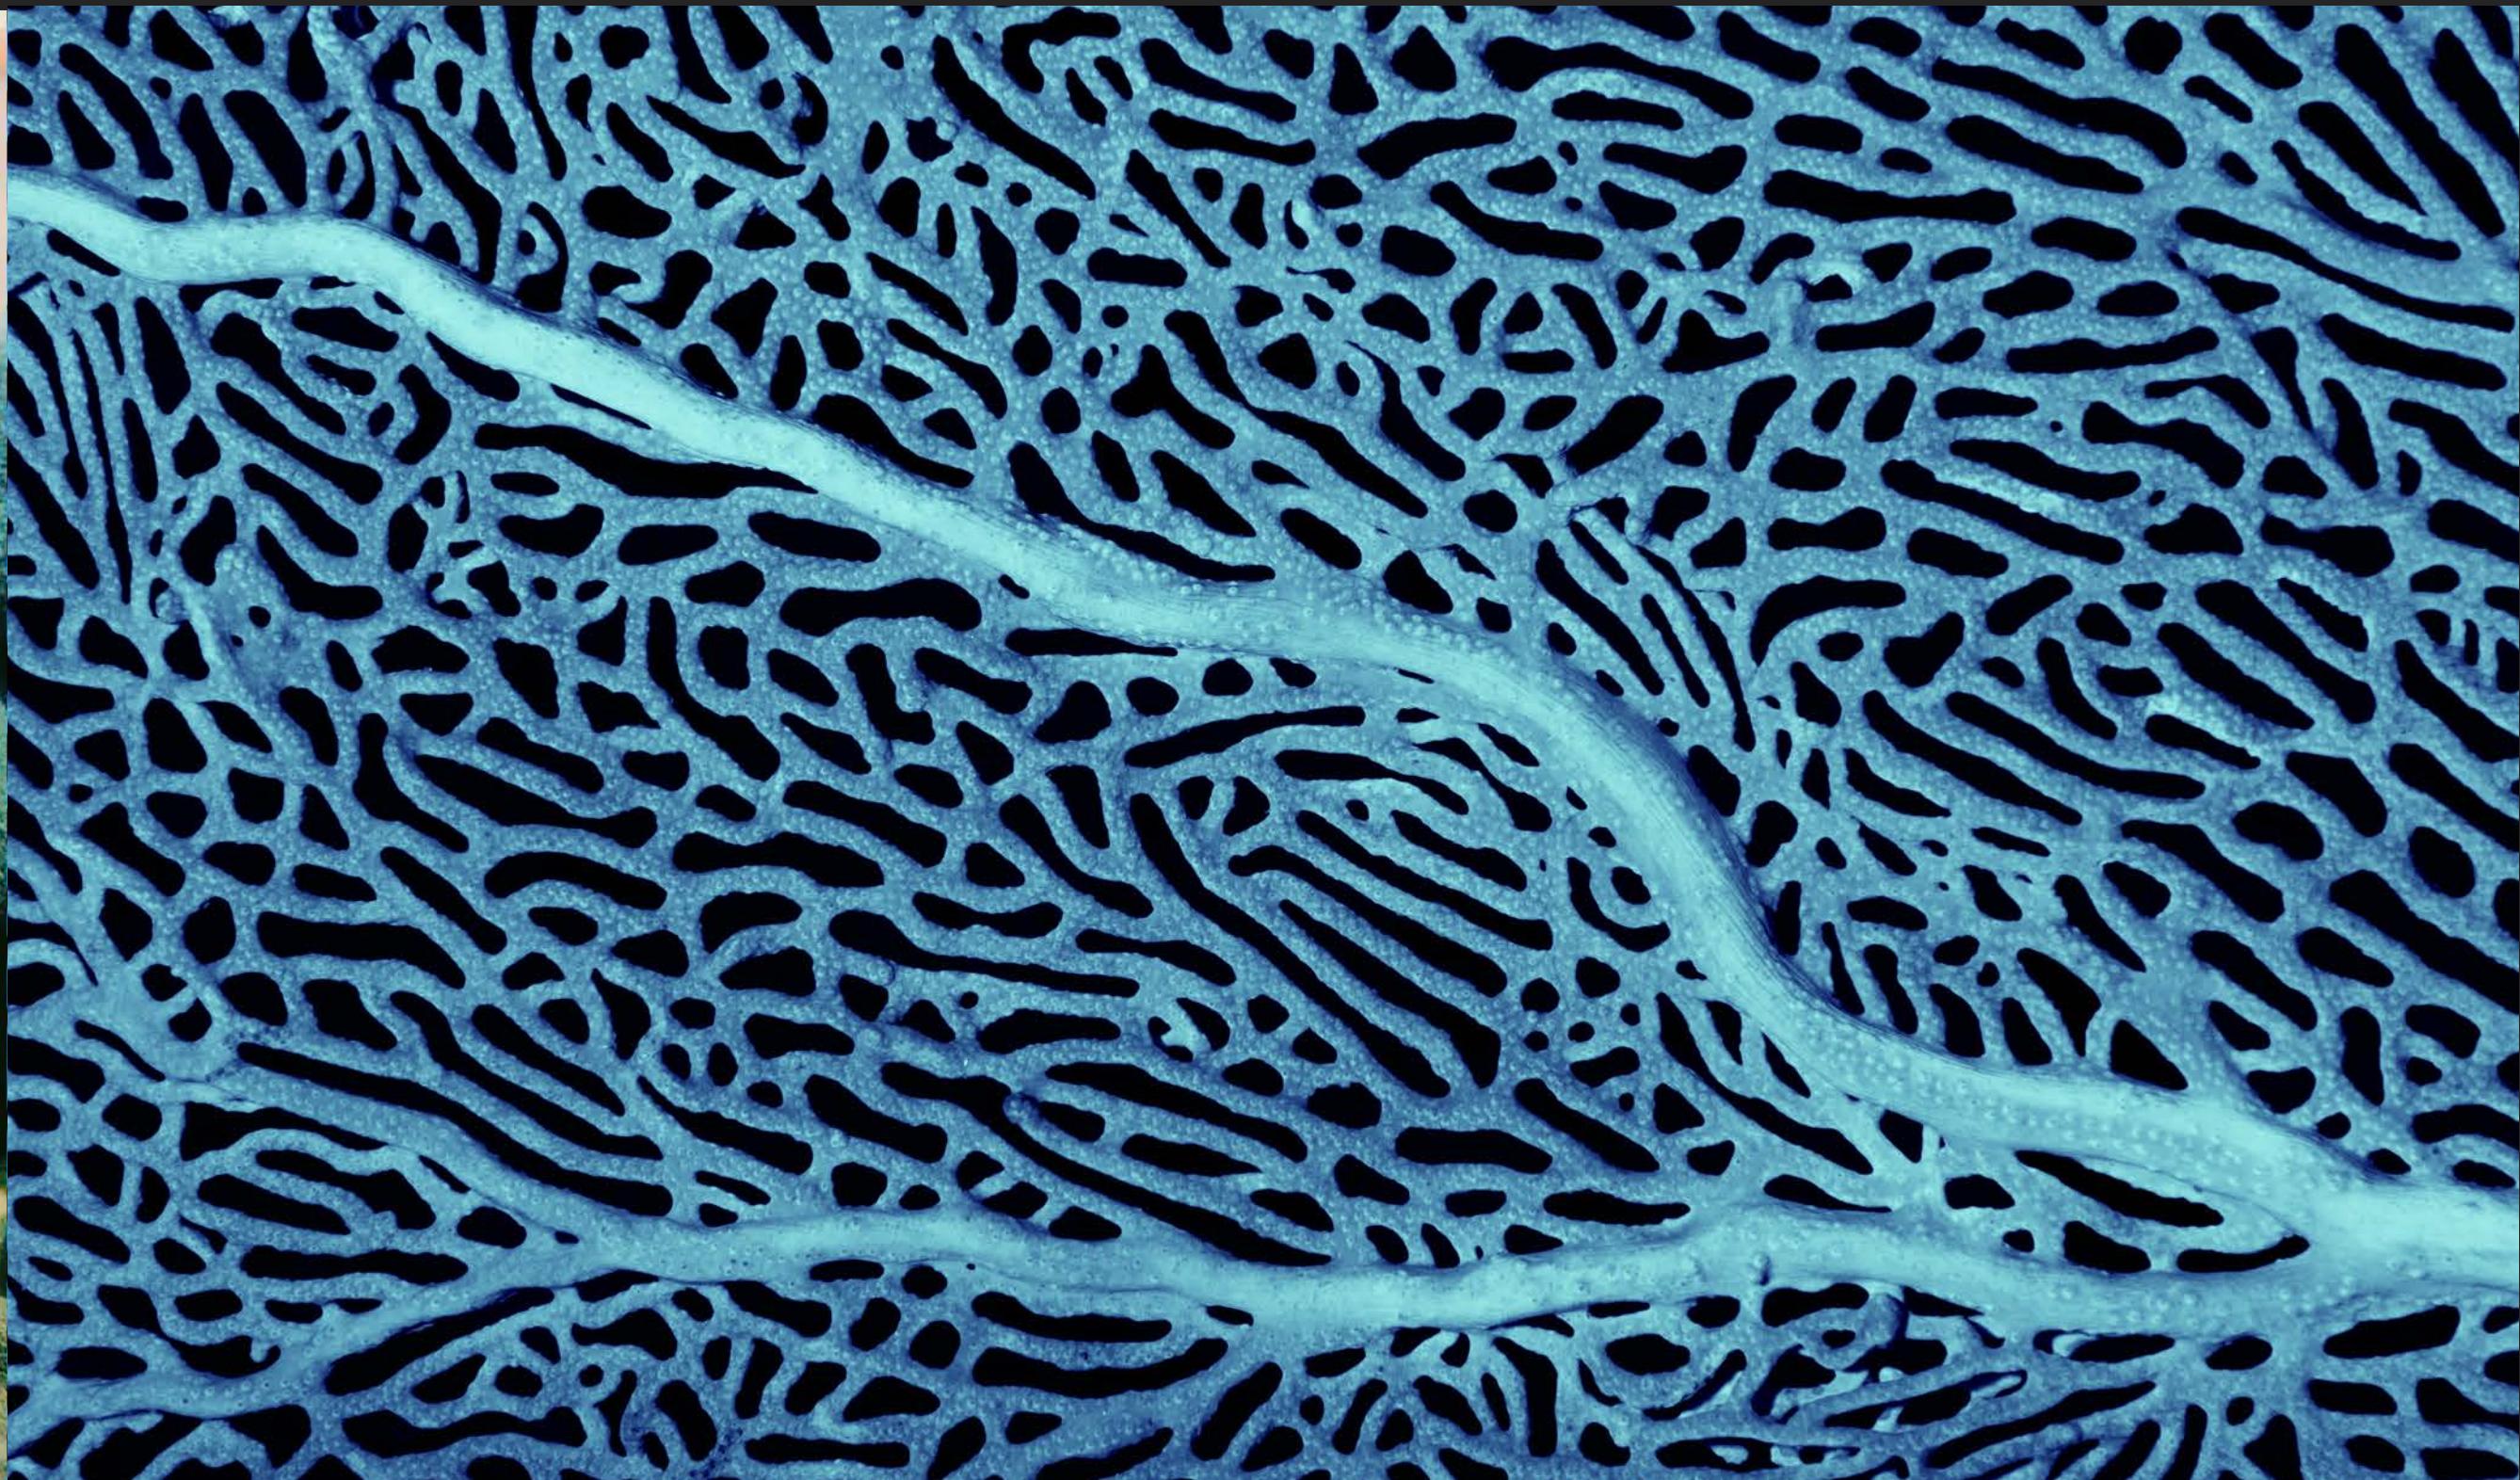

- Efficient, automated processes enable end-to-end operations
- We will remove the hassle of enabling you to allow small ticket investors in your fund
- Easy, convenient, cost effective, minimal overhead
- We can manage Friends & Family programmes
